***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 13-18, 39 are rejected under 35 U.S.C. 102(b) as being anticipated by Jenkins, Jr. (5,722,978).

With respect to claim 13, Jenkins discloses a total knee replacement cutting guide for forming a cut surface on a bone in preparation to receive a total joint replacement component comprising a cutting guide (1) custom fabricated for a single patient's bone, having a body (7) dimensioned for attachment to a surface of an unresected end portion of the bone aligned for cutting the bone without use of an extramedullary or intramedullary alignment rod; as best seen in FIGS. 5-12; and at least one guide surface (9) dimensioned for engagement with a cutting tool to thereby direct the cutting tool.

With respect to claims 14-18, 39, Jenkins discloses all the limitations, as set forth in column 5, lines 5-67, column 6, lines 1-67, column 7, lines 1-67, column 8, lines 1-67, column 9, lines 1-67, and as best seen in FIGS. 1-12.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 13-18, 39 are rejected under 35 U.S.C. 102(e) as being anticipated by Mansmann (6,132,468).

With respect to claim 13, Mansmann discloses a total knee replacement cutting guide for forming a cut surface on a bone in preparation to receive a total joint replacement component comprising a cutting guide (130) custom fabricated for a single patient's bone, having a body dimensioned for attachment to a surface of an unresected end portion of the bone aligned for cutting the bone without use of an extramedullary or intramedullary alignment rod; as best seen in FIGS. 5-7; and at least one guide surface (131) dimensioned for engagement with a cutting tool to thereby direct the cutting tool.

With respect to claims 14-18, 39, Mansmann discloses all the limitations, as set forth in column 13, lines 1-67, column 14, lines 1-67, column 15, lines 1-67, column 16, lines 1-67, column 17, lines 1-37, and as best seen in FIGS. 5-7.

#### ***Allowable Subject Matter***

Claims 1-2, 4-8, 10-12, 19-20, 22-26, 28-30, 33-37, 40-41, 43-66 are allowed.

#### ***Response to Amendment***

Applicant's arguments with respect to claims 13-18, 39 have been considered but are moot in view of the new ground(s) of rejection.

#### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP
